ANIMAL DISEASE ERADICATION BRANCH  
Washington 25, D. C.

December 4, 1956

ADE BRANCH MEMORANDUM NO. 504.5  
Supplement No. 1

TO : All ADE Field Activities Stations  
FROM : C. K. Mingle, Chief, Brucellosis Eradication Section  
SUBJECT: Form ADE 4-1 (10.56) - Revised

I PURPOSE

This supplement is to advise you of certain revisions in the subject form.

II REVISED SECTIONS

To provide a more substantial basis for approving or disapproving recommendations for certification or recertification, we have included three italicized statements concerning which the Federal and State Officials will be required to make an authoritative declaration of fact.

State officials must certify (1) that infected herds are quarantined and such quarantine will be enforced, and (2) that the movement of cattle into the area recommended for certification or recertification will be in accordance with existing regulations. Federal and State officials must certify that the summary testing results listed on the form fully adhere to the cited section and paragraph of the Uniform Methods and Rules, especially with respect to the selection of type and number of herds and animals required to be tested.

The section provided for reporting the total herds and cattle in the county and the method of determination must be completed on each Form ADE 4-1 (10-56) submitted.

III SUPPLY OF FORMS

An initial supply of the revised form is enclosed. Additional copies may be obtained in the usual manner.
